Oil & Gas Science and Technology - Revue d’IFP Energies nouvelles 72, 5 (2017)

Two of the authors of the article “Introducing Core-Shell Technology for Conformance Control” <https://ogst.ifpenergiesnouvelles.fr/articles/ogst/abs/2017/01/ogst160054/ogst160054.html> published open access in the journal *Oil & Gas Science and Technology*, found out that there is a wrong affiliation in the article as for their Department name.

Professor Laura Montanaro and Professor Mariangela Lombardi were erroneously affiliated in Department “DIATI - Dipartimento di Ingegneria dell’Ambiente, del Territorio e delle Infrastructure”.

The correct affiliation is:

Professor Laura Montanaro and Professor Mariangela Lombardi are both affiliated to the Department

“DISAT – Dipartimento di Scienza Applicata e Tecnologia” of Politecnico di Torino, not to the Department “DIATI – Dipartimento di Ingegneria dell’Ambiente, del Territorio e delle Infrastructure” as written in the online version article, while for the authors Montanaro and Lombardi it should be DISAT.

DIATI is the correct affiliation only for Professor Francesca Verga.
